Blockchain 101

Live Webinar – March 27, 2021

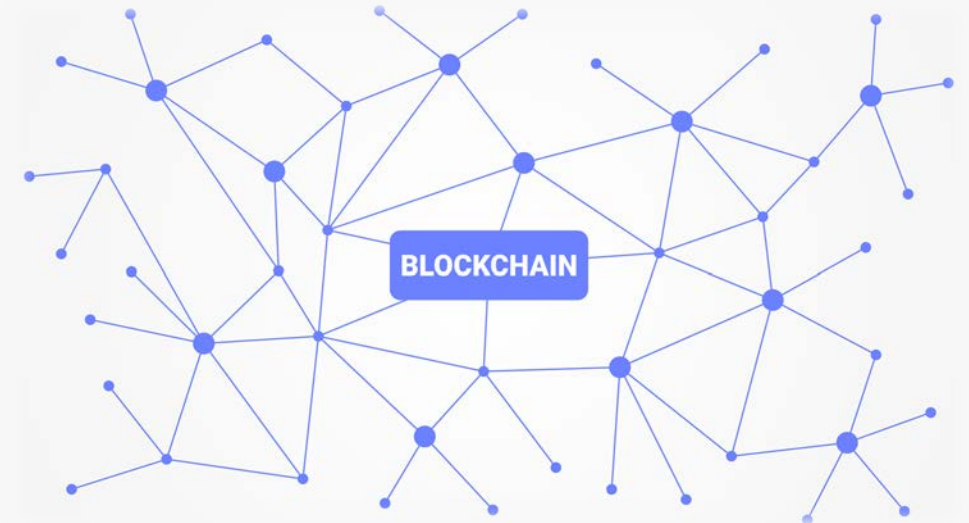

10:00 AM (EST) - 4:00 p.m. (Beirut)

Alain Aoun

PhD candidate, University of
Quebec at Rimouski

Following the latest hype of Bitcoin and cryptocurrencies, this webinar aims to provide a starting point for people interested in understanding blockchain technology, the technology behind cryptocurrencies, and exploring its true potentials in the energy and renewable energy sector.
